1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer of Duke Energy.

2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)

It is the duty of the SC Public Service Commission to protect the citizens of SC from being robbed by a monopolous company like Duke Energy! We as citizens have no other protection than YOU. We have no choice in who to purchase our energy from, we have no other protection from high prices they are already charging us. A 10%+ increase is outrageous! I have not received a 10% pay increase in 10 years. When the average citizen get "sometimes" a 1-4% increase, they are really lucky.

Remember! It is your DUTY to protect the citizens who pay your salaries against this corporate monster who's ONLY purpose is to accumulate as much money as possible for their stockholder. Any increase to them is a burden to the citizens you are supposed to be looking after.

Duke Energy can NOT justify any increase to it's customers other than to fill the pockets of their stockholders! You MUST STOP this NOW! Please do not let your citizens down once again.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \*

No, but please take my protest seriously. I am pleading for you help as a servant to your citizens.
